

VIDIT BHARDWAJ

ANGULAR DEVELOPER | WEB DESIGNER

9896465382 | viditbhardwaj999@gmail.com | Chandigarh

PROFESSIONAL SUMMARY

Angular Developer & Web Designer with professional experience building high-performance, responsive web applications. Proficient in Angular, TypeScript, JavaScript (ES6+), RxJS, REST APIs, HTML5, CSS3, Bootstrap, and Tailwind CSS. Skilled in architecture-level reusable UI components, REST API integration, and healthcare workflow optimization with a focus on clean code and usability.

TECHNICAL SKILLS

- **Frontend:** Angular, TypeScript, JavaScript (ES6+), RxJS, HTML5, CSS3, REST APIs
- **UI & Styling:** Bootstrap, Tailwind CSS, Responsive Web Design, Flexbox/Grid
- **UI/UX:** UI/UX Design, Photoshop, Modern Web Interfaces, Component Libraries
- **Tools:** Git & GitHub, Postman, NPM

EXPERIENCE

Angular Developer

Sep 2024 – Present

DXBRITE TECHNOLOGY

- Developed and optimized 15+ responsive Angular components, enhancing UI responsiveness across mobile and desktop devices.
- Architected reusable UI component libraries using Angular and Tailwind CSS, reducing development time for new features by 20%.
- Integrated RESTful APIs and managed RxJS data streams to ensure smooth state management and fast load performance.
- Collaborated on healthcare-focused workflows, implementing secure dynamic form validations and user-centric dashboard interfaces.
- Enhanced application performance and accessibility through code-refactoring, lazy loading, and UI/UX component refinements.

Key Project: Patient Portal & Healthcare Management Platform

Developed a modern patient engagement and healthcare management platform for digital healthcare delivery.

- Provider discovery search module with real-time dynamic filtering and debounced API requests
- Appointment scheduling and multi-step booking workflows using Angular reactive forms
- Secure patient-provider communication and dynamic messaging interfaces
- Patient dashboard, medical documents management, PDF downloads, and billing history tracking
- Online payment gateway integration and healthcare workflow automation

Keywords: Patient Portal, Healthcare CRM, Appointment Booking, Patient Communication, Dashboard, Secure Messaging, Medical Billing, Healthcare Automation
